

Camping in a Forest

Teacher's notes:

Ask the children if they have ever been camping / would like to go camping / know anything about camping (maybe seen a movie).

Maybe you could show them a movie in the Multimedia room or Computer Lab.

Get them to add to the picture with:

Colour

People who are camping (sitting around/walking off/shadows on the tent showing someone is inside)

Something that maybe doesn't belong – not necessarily something scary, maybe something funny – peeking from behind bushes

Once they have established the basis of their story, go on to a story plan, then use their 'Have a Go' books to get some vocabulary.
