

## Dixie Road

---

I would pick and we would sing to the rhythm of that front porch \_\_\_\_\_

The moonlight was the \_\_\_\_\_ that we shared

I found new notes on that old guitar, she believed I could be a \_\_\_\_\_

She told me that she wanted to be fair

She said, love will only hold you down, boy you're glory \_\_\_\_\_

We can't share a world of different dreams

So I chased mine and she found hers too, but someone else made hers come \_\_\_\_\_

Now I'm a star, but every time I sing

### *CHORUS*

My heart goes drifting down a dusty Dixie road

Taking my mind back in time

L.A. lights burn like hell once you know

You left heaven waitin' down a Dixie road.

Every night I'm in a different place and I'm searching every stranger's \_\_\_\_\_

Trying to find the girl that's just not there

She's back there in Montgomery and I'm clear across the \_\_\_\_\_

But whenever I'm alone I go back there.

### *CHORUS*

My heart goes drifting down a dusty Dixie road

Taking my mind back in time

L.A. lights burn like hell once you know

You left heaven waitin' down a Dixie road.

*(repeat chorus to fade)*
